The May day we all want to remember is May 8th.....
Mother's Day.....and just a few suggestions for that
Mother's Day gift might include Anne Morrow Lindbergh's
GIFT FROM THE SEA, one woman's questions and answers to
the life around us.....or GERTRUDE LAWRENCE AS MRS. A,
a beautiful tribute to a great actress by her husband,
Richard Aldrich. Perhaps you'd prefer a box of exqui-
site stationery by Eaton or Crane, or a handsome leath-
er desk accessory. Whatever her taste, whatever her
mood, gifts from the Hampshire Bookshop are always
right, always welcome. We'll have to have your selec-
tions soon to give the postman time to get that all-
important package there by Mother's Day so drop by to-
day or tomorrow, won't you? A gift from The Hampshire
Bookshop is sure to please.....And remember: The Hamp-
shire Bookshop is happy to gift wrap and mail your
Mother's Day present for you.
